

Zwitserleven Online Payroll Records Link.

For employers

If you want to communicate changes in employee data easily, link your payroll records to your pension scheme at Zwitserleven.

Greater ease!

You probably know how it is: a new employee has been in service for a while but is not yet registered for the pension scheme. Or someone receives a pay rise that influences his or her pension contribution. Communicating such changes can be time consuming for you as an employer and can be occasionally forgotten if the work pressure is high. We are happy to make this easier for you! At Zwitserleven, you can link your payroll records to your Zwitserleven pension scheme. This means that changes to employee data that may influence employee pensions are automatically communicated, saving you time. At present (March 2019), we are currently connected to the following systems: ADP, BCS, Raet, Visma, Nmbrs, Cobra, UNIT4, AFAS, Exact Globe Next and Locket.nl. Your advisor or your contact at Zwitserleven has the most up-to-date information about this.

The benefits

- It saves your organisation time and money.
- Commencements or terminations of employment are automatically communicated for the purpose of the pension scheme.
- If an employee starts working part-time or if someone receives a pay rise, these changes are automatically

communicated to us. You therefore no longer need to communicate them separately.

- Information about employees participating in the pension scheme is always up-to-date.

Costs

Prices for a connection to the Zwitserleven Online Payroll Records Link start at € 780.- exclusive of VAT. You can ask your account manager about the costs. In addition to the one-off connection costs, several providers also charge supplementary costs. You can check these by contacting your own provider.

How secure is the Zwitserleven Online Payroll Records Link?

Linking systems that include personal data requires secure management. This web application complies with the security requirements.

For whom is the Zwitserleven Online Payroll Records Link an interesting option?

The link rapidly provides greater ease. We have seen that employers with 50 or more employees are already showing interest. If you have your own connection or a connection via your advisor to Benefitsplaza, this link will no longer be necessary.

If you are interested, feel free to contact us!

If you wish to know more about linking your payroll records to the pension scheme at Zwitserleven, please contact your advisor or call your account manager at Zwitserleven. We will be pleased to inform you about the possibilities and the costs. The costs for the
